Reward  Buck

Print the menu and multiple pages of the reward bucks. Work with your child to find small, slightly bigger, and really big rewards they can spend their bucks on and write these in the white spaces on the menu. Explain how your child can earn bucks--you may even decide some tasks are worth 2, 3, or more bucks. Cut out all the bucks individually and “pay” these to a designated location, like a bag or box, for the child to redeem for rewards as they earn.
